Current state of GL budgets

• GL budgets for sponsored awards are important:
  – Provide visibility across the university
  – Enable various reporting and analytic tools (Grants Financial Dashboard, PI Dashboard, etc)

• Currently, GL budgets are not consistently entered
  – For accounts set up in the past 2 years:
    • 51% don’t have GL budgets
    • 7% have incorrect GL budgets

• Existing GL budget entry mechanisms are less than ideal
  – ADI spreadsheet upload
  – WASABI (at SPH)
Goal for December 2016 GMAS release

Create and update GL budgets in GMAS
What else is in the release

• Convert GMAS Home
• Convert “confirm research team” page
